*Rates are subject to change. They are **suggested** minimums for machines working in light to medium conditions. Higher rates will be charged for difficult or extreme conditions or when machines are equipped with specialized attachments. The rental rates do not include transportation. These rates are a guide with the underlying premise that the owner/operator is in business to provide the best possible service and production, while making a reasonable profit.*

Excavators

Rates shown are for working in light to medium conditions. Higher rates may be charged for extreme conditions or for outside of regular business hours. Rates may decrease for older machines.
